

Abstract: Environmental Work Group Meeting – August 22, 2001

- Discussed and confirmed that the Environmental Work Group prefers to leave the Issue Statements as crafted for Scoping Document 1 and focus the intent of the Issue Statements during the Study Plan development process.
- Reviewed and revised Geographic Scope language
- Received presentation from Professor Don Anthrop, San Jose State University on duck nesting habitat development at the Thermalito Afterbay.
- Reviewed the second set of Issue Statements developed by the Task Force
- Directed DWR and consulting staff to begin drafting study plans for reviewed Issue Statements
- Discussed coordination with Land Use Work Group on T8: Project effects on undesirable, non-native wildlife
- Next Task Force Meetings:
 - September 11, Oroville Field Division, 9:30 – 4:00
(on Terrestrial and Fishery Issue Sheets)
 - September 18, Forest Service, Oroville 9:30 – 4:00
(on Water Quality Issue Sheets)
- Next Work Group Meeting:
 - September 26, 9:30 – 3:00
